Sorry I didn't catch you before the end of your day. I will be in the office for a class tomorrow, but will give you a call before it starts.

Thanks!

Valois

I can't get on the USGS site to find the geologic maps of the relevant area; however, can you please comment on the potential for connectedness between the proposed injections into the Minnelusa Formation and the Madison formation which provides a prolific source of clean drinking water for the nearby City of Gillette.

Thanks,
